

The Society of Acadia University Recreation Graduates, in cooperation with the Department of Community Development, and the School of Kinesiology, is pleased to announce that on Saturday, October 19th, there will be the unveiling of an interpretive sign commemorating the 50th anniversary of the start of the Recreation and Physical Education programs at Acadia. The brief ceremony will commence at 11:00am near the entrance to the Old Gymnasium building facing Main Street, with a reception to follow. Tours of the building will take place at 10:30 and immediately following the ceremony for those interested in seeing how the interior of the building has evolved since it first housed faculty/staff offices and classrooms back in 1969. All former students, staff, faculty, and friends, are cordially invited to attend!
